<b>Height</b>	4.52"
<b>Grooves</b>	6
<b>Twist</b>	1:10" RH
<b>Available in CA</b>	No
<b>Available in MA</b>	No
<b>UPC</b>	7-36676-03500-7
<b>Suggested Retail</b>	\$499.00

- Striker-fired with a short, smooth trigger pull, clean break and positive reset.
- Slim, lightweight and compact for personal protection while still providing a capacity of up to 12+1 rounds of 9mm Luger ammunition.
- Rugged construction with through-hardened alloy steel slide; one-piece, precision-machined fire control chassis; and high-performance, glass-filled nylon grip frame.
- Medium-textured grip frame provides a secure and comfortable grip.
- Tritium fiber optic day/night front sight for high visibility and drift adjustable rear sight.
- Optic ready for direct mounting of co-witnessed JPoint™ and Shield-pattern micro red dot sights.
- Cold hammer-forged barrel results in ultra-precise rifling that provides exceptional accuracy and longevity.
- Safety features include integrated trigger safety, manual safety, internal striker blocker and inspection port that allows for visual confirmation of a loaded or empty chamber.
- Reversible magazine release.
- Also includes: two E-Nickel Teflon® coated magazines and finger grip extension floorplate that can be added to the magazine for comfort and improved grip.
